# AFFORDABLE CYBER SECURITY REVIEW

FOR SMALL BUSINESSES USING MICROSOFT 365

Protect Your Business  
for Just

## £99

Most cyber attacks target small businesses because of weak security settings, poor account protection, and unmanaged security risks.

Our Affordable Cyber Security Review helps you identify common vulnerabilities in your Microsoft 365 environment and provides practical, actionable recommendations to improve your security posture.

SPECIAL  
FIXED PRICE

## £99

- ✓ No Hidden Fees
- ✓ No Subscriptions
